Message from the **CHANCELLOR**

Assalamualaikum w.b.t. and salam sejahtera,

First of all, I would like to express my most profound gratitude to Allah S.W.T., as with his blessing we are able to gather here today and witness the third North Borneo University College (NBUC) convocation ceremony. I would like to offer my warmest congratulations to all graduates who have successfully completed their studies at NBUC.

It takes an enormous amount of hard work and determination to earn a university degree. Every graduating class deserves recognition for its accomplishments. It is an event worth sharing and celebrating with your parents, family members, lecturers, and friends who have been part of your success. Most of all, this is the moment to recognize all your efforts and hard work as you burned your midnight oil to acquire added knowledge, skills, and competencies and develop further your attitudes and values to overcome the challenges of the time and to look forward to a brighter future.

Now, your knowledge, skills, experience, and leadership must be put to work not only for your own benefit but also for the benefit of society at large. Whatever career you pursue, there will be an appropriate time for you to devote yourself to volunteerism and philanthropy to discharge your responsibilities to society to the best of your ability and, at the same time, add meaning, purpose, and fulfillment to your life.

As graduates of NBUC, you carry the university's reputation with you. Uphold integrity and honor while ensuring quality and competency in your future undertakings. Always keep an open mind and maintain a positive attitude towards challenges, and above all, wherever you serve, be a good team player. I am sure that you will all rise to the challenges and be able to soar to great heights.

Congratulations once again to all graduates. I wish you all the best in your future endeavors and great success on whatever path you take.

Thank you.

Message from the **PRO-CHANCELLOR**

Assalamualikum w.b.t. and salam sejahtera,

All praise be to Allah s.w.t., by whose grace and blessing we are able to celebrate the 4th Convocation of North Borneo University College and Geomatika College Keningau.

The university, as one big family, would like to convey our heartfelt congratulations to all the graduating students for their hard work and achievements. This is the moment that everyone has been waiting arduously for when a graduate decides to embark on a courageous journey in the realm of higher education. To all of you and your immediate families, today is indeed a day to celebrate victory, triumph, and the realization of a dream. I thank the parents, guardians, and friends for the support they have provided to the graduates throughout their studies.

In today's digital environment, humans are more powerful than machines because, at the click of a button, you are able to access vast resources and materials for education, culture, entertainment, as well as business, trade, and commerce. You represent a new generation of future-proof leaders. It always seems impossible until it's done. A winner is a dreamer who never gives up.

Strive hard to fulfill your dreams through your own innovative and creative initiatives by seeking only the best that knowledge can offer. Remember, knowledge is the most powerful weapon you can use to change the world.

I wish to record my sincere thanks and gratitude to both the Board of Governors and Directors for their guidance and support and to the staff for their dedication and sacrifices in making this event a success.

I am confident that every new graduate has the potential for leadership. You will address the world's challenges and seize the most exciting opportunities. You have developed a habit of achievement. You are already tomorrow's leaders. My best wishes for your happiness and future career.

*"It is not the big that eats the small.
It is the fast that eats the slow."*

Message from the **VICE-CHANCELLOR**

Assalaimualaikum w.b.t. and salam sejahtera,

First of all, I would like to express my utmost gratitude to Allah SWT for His grace that enables us to gather on this day for the Fourth Convocation Ceremony of North Borneo University College and Geomatika College Keningau, Sabah. Congratulations to the students for their successful journey to complete the academic excellence of obtaining their masters, degrees, and diplomas. This is an accomplishment that has taken significant time, energy, and support to achieve.

Graduation is always a deeply meaningful juncture in your life, and for all of your nearest and dearest, your family, friends, lecturers, and everyone else who has had the privilege of nurturing and supporting you,

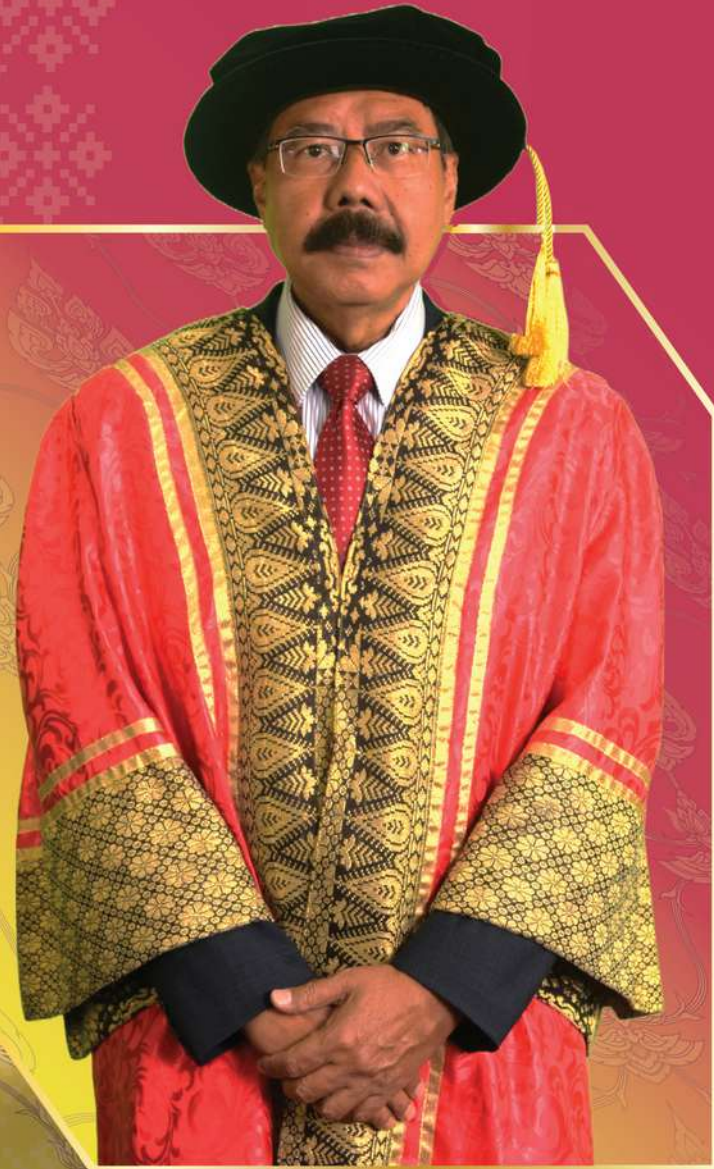

Dear Graduates, You are our brightest hope and our most exciting reality since you enrolled in this North Borneo University College and Geomatika College Keningau, Sabah, with great expectations of realizing aspirations. All of you had excelled academically to grow personally and to enhance your social skills. We have provided the best we can to meet your needs and served with profound commitment and dedication for the past years in pursuing your studies.

The goal of our education is not only to produce an intelligent individual but also someone who is balanced in all aspects. Throughout their studies at NBUC, graduates have the prospect of gaining knowledge and working together to escalate the pulsing communal that will inspire originality and breed invention and novelty. In light of this, I would like to remind us all that regardless of the fast-changing world around us, some things remain important, namely the Malaysian values, which include compassion and tolerance, humility and modesty, gratitude, love, and respect, as well as public spiritedness.

I wish the graduates the warmest congratulations for successfully completing their studies. Last but not least, I hope that all the graduates will strive to do their best in the future. I once again offer my felicitations and best wishes to all NBUC-GCK graduates. Prove that you are the best generation born and contribute back to the community and our nation.

Thank You.

Vice-Chancellor of North Borneo University College

Message from the **RECTOR**

Assalamualaikum, w.b.t., and salam sejahtera.

First and foremost, I would like to express my utmost gratitude to Allah SWT for the reason that, with His grace, we can take pride in the 4th Convocation Ceremony of North Borneo University College (NBUC) and Geomatika College Keningau (GCK), Sabah. Today is a special day. A day of celebration marks the culmination of years of study. I hope it will be an occasion that our graduates will remember fondly for the rest of their lives.

Graduates of GCK and NBUC, leverage your education to build a reputation that is highly respected and make the most of the opportunities you have been granted. As graduates of GCK, you carry the college's reputation with you. Uphold integrity and honor while ensuring quality and competency in your future undertakings. Always keep an open mind and maintain a positive attitude towards challenges, and above all, wherever you serve, be a good team player. I am sure that you will all rise to the challenges and be able to soar to greater heights. To have come to this stage of development is a big achievement. A good indicator of the quality of our graduates is their ability to function in varying multilingual and multicultural environments. Students should be equipped with knowledge and skills, both in their respective areas of specialization and soft skills, so that they are "market-ready, work-ready."

Today's convocation is a testimony to our growth and success. I wish to record my deepest gratitude to all academic and operational staff who have contributed in one way or another to nurturing these students. I am sure it will always be cherished and remembered by the students.

Last but not least, I have my confidence in our graduands we are celebrating today, that they will succeed in the part they choose to take in the future, and become successful in life.

I once again offer my felicitations and best wishes to all NBUC-GCK graduates. Prove that you are the best we have to offer and contribute back to the community and our nation.

RESEARCH, INNOVATION & COMMERCIALIZATION

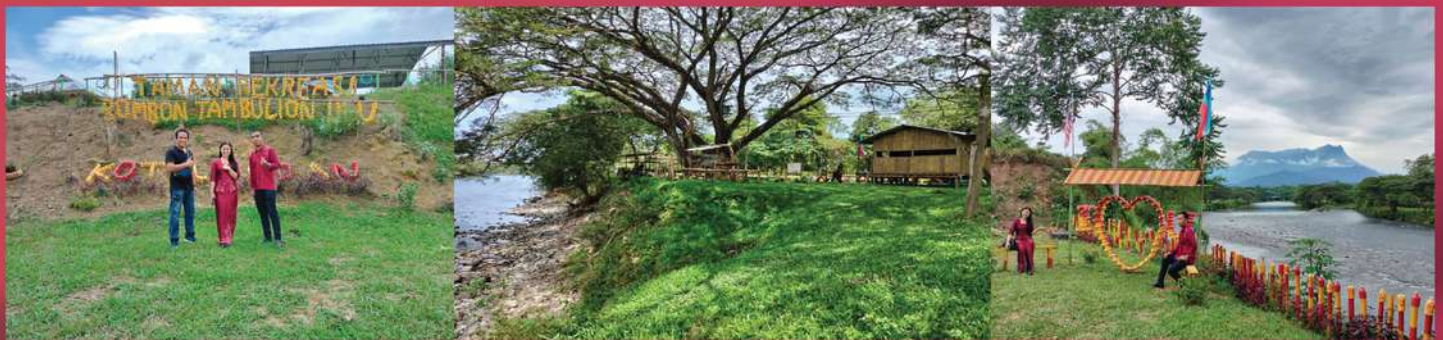

Drone Technology on Agriculture

North Borneo University College (NBUC) leads the charge in agricultural innovation through Drone Technology. Our research enhances precision farming, empowering farmers with real-time data for sustainable practices and increased yields. Embracing the future, NBUC takes flight toward a greener, more productive tomorrow.

Community-based training (CBT)

This CBT will focus on rural areas and involve local communities in selected areas. The focus of the area that will be set is a location that has tourism potential but receives less promotion and publicity. The objective of the programme is to equip community hosts with good knowledge and skills in tourism management.

Future Food Research

NBUC pioneers innovative solutions for sustainable food production. Our cutting-edge research aims to ensure food security, preserve resources, and promote a thriving global community. Together, we shape a brighter future for food.

NBUC STUDENTS' ACTIVITIES

To provide students with a rich university experience, the institution works collaboratively with various local and international clubs and societies in organizing exciting events and opportunities for self-improvement activities include get-to-gathers, seminars, recreational outings, sports and games, community service projects and more.

NBUC always aims to provide good campus facilities to ensure conducive teaching and learning environment. Therefore, we hope it will increase the students experience throughout their meaningful learning journey with us. Here are some facilities samples for your glance.

GCK STUDENTS' ACTIVITIES

GCK consistently strives to offer top-notch campus amenities to guarantee a favorable atmosphere for teaching and learning. We therefore anticipate that it will improve the students' overall learning journey with us. Here are some examples of amenities for your perusal.

The institution collaborates with numerous local and international clubs and societies to organize exciting events and chances for self-improvement. Activities include get-togethers, seminars, recreational outings, sports and games, community service projects, and more.

FOOD SECURITY, RENEWAL ENERGY & FOOD SUPPLY CHAIN MANAGEMENT

Supply chain management plays a crucial role in ensuring food security. It involves the planning, coordination, and control of the flow of goods, services, and information from the production source to the end consumers.

GOODS MANAGEMENT

Produce and manage raw material from smart integrated farming fully utilizing IoT application.

Leading In Sustainable Agriculture System.

Integrated Livestock, Crop Production, Fish, Poultry, Tree Crops, Plantation Crops & Other Systems.

FOOD SECURITY

By integrating spatial data on farm locations, transportation routes, and market demand, GIS facilitates optimized logistics and distribution.

Enables farmers to track the movement of their products, ensure timely delivery, and minimize spoilage.

GIS supports traceability efforts, allowing consumers to have better visibility into the origin and quality of the food they consume.

RENEWAL ENERGY

Renewable energy sources can provide more consistent and controlled conditions for food processing, storage, and distribution, ensuring that your products meet the highest standards of quality and safety.

One of the biggest advantages solar power provides to the smart agriculture industry is the ability to monitor remote farms and fields. Collecting data regarding a wide variety of conditions such as temperature or moisture can help farmers properly care for their crops.

SUPPLY CHAIN MANAGEMENT

IoT combines the power of analytics, cloud, mobile computing & internet networks to change how companies manage their supply chain and logistics.

IoT devices would include sensors, trackers & more to connect computer systems through wi-fi networks, GPS, and other technologies to track products & deliveries
