# MESSAGE FROM CHANCELLOR

Assalamualaikum w.b.t and Salam Sejahtera.

Firstly, I would like to express my most profound gratitude to Allah S.W.T. as with his blessings we are able to gather here today and witness the first North Borneo University College (NBUC) convocation ceremony. Indeed, this ceremony is assured to be a momentous hallmark for all graduands and today, it marks the end for the years of physical and mental strive in pursuit to achieve academic excellence. As such, this ceremony is a blessing of indication for the exertion shown by the graduands. A diploma obtained and accomplished through tireless constancy along the course of study in this university college. Congratulations to all graduands!

Secondly, it is a notably fact that the country's economic growth especially in the Sabah state now, is very encouraging. Thus, it is a good platform for NBUC to leverage on the opportunity in offering more effective courses to match the distinctive needs of Sabah state and Malaysia in general. With the drastic increment of students' percentage, NBUC has indirectly defined the objective of the future reputable education for all especially Sabahans, specifically in the establishment of the human capital, manufacturers and industry players.

Thirdly, I am confident that NBUC will continue to be more productive in creating an exceptional learning atmosphere whereby NBUC will be seen as a center of excellence in acquiring and deepening ones knowledge in Sabah. Furthermore, if there is a partnership with other higher learning institutions it would definitely invigorate the campus atmosphere whilst, elevating the infra structure in terms of its facilities and academic necessities.

Next, it is my ardent hope the graduands will continue to transfer the knowledge they have gained while pursuing in NBUC and consequently to add to the nation's innovative development.

Finally, I would like to remind you to be graduates of noble characters, enthusiasm and ethics in life. Hopefully, the present achievement will be a stepping stone to accomplish a life-long assurance in addition to having your abilities and accomplishments being acknowledged in the career market.

Thank you.

# MESSAGE FROM RECTOR

## Greetings

All praise to God, whom with his blessings we are able to gather here today with our graduands, in this jubilantly organised ceremony to celebrate the completion of their study. To all our graduands, I would like to offer my hearty congratulations to every one of you. I strongly believed this achievement means everything to you, your parents, as well as the academics team who without question have contribute something to this achievement, both directly and indirectly.

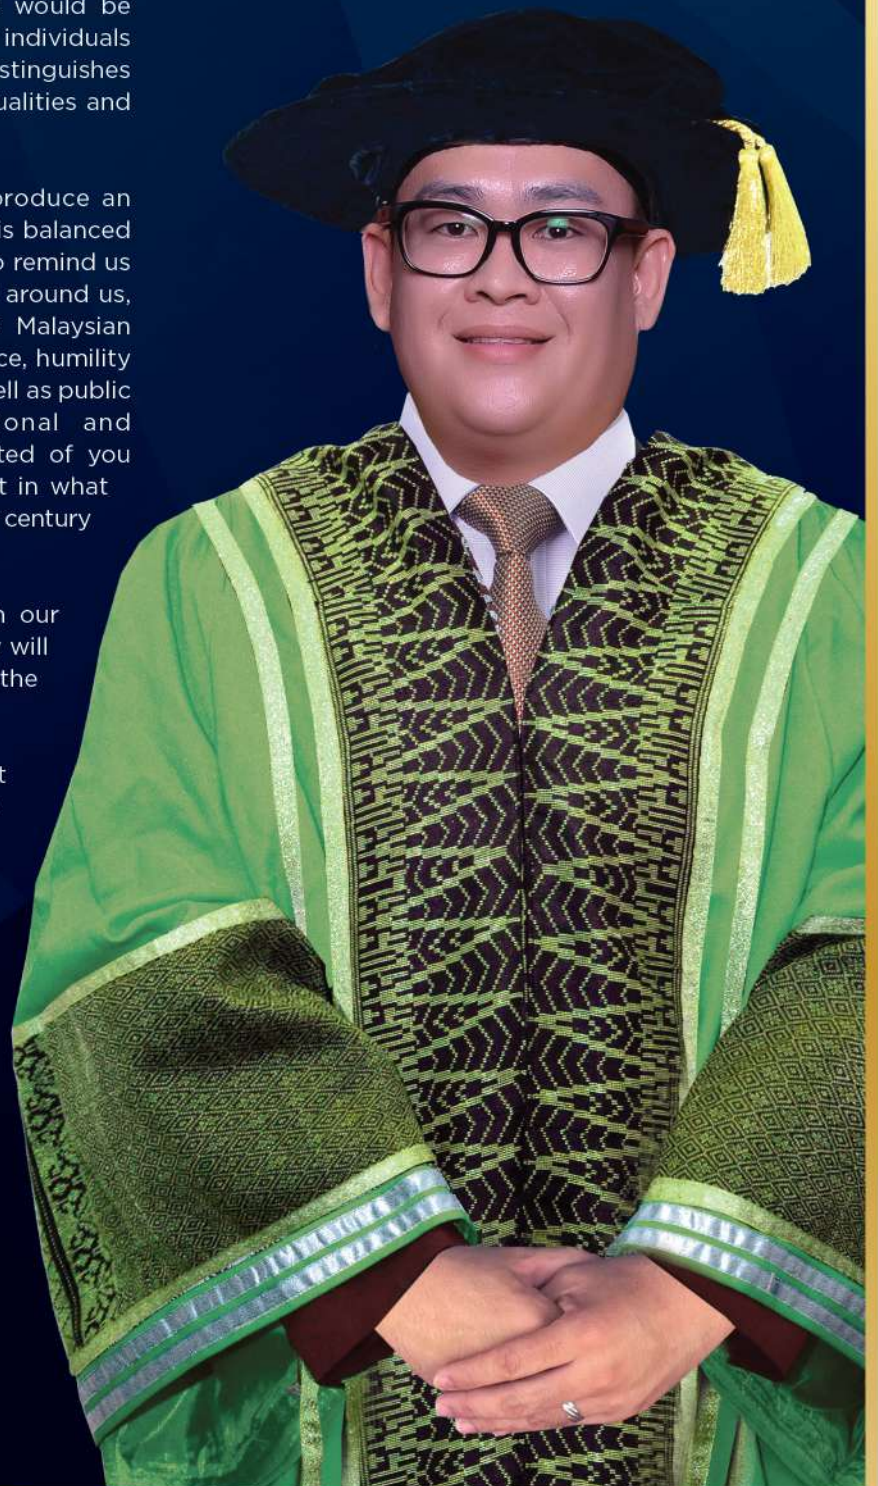

However, I feel there is a pressing need for me to emphasize the importance of good character and morality of the graduands, without which this achievement would be incomplete. Let us all be aware that a lot of individuals has received similar achievement, but what distinguishes you with the rest of them is your personal qualities and your people skills.

The goal of our education is not only to produce an intelligent individual, but also someone who is balanced from all aspects. In light of this, I would like to remind us all that regardless of the fast changing world around us, some things remain important, that is the Malaysian values which include compassion and tolerance, humility and modesty, gratitude, love and respect as well as public spiritedness. Along with the professional and technological knowledge and skills expected of you upon your graduation, you would be relevant in what we all aware, the very challenging and harsh 21<sup>st</sup> century job market.

Last but not least, I have my confidence in our graduands we are celebrating today, that they will succeed in the path they choose to take in the future, and become successful in life.

I once again offer my felicitations and best wishes to all NBUC-GCK graduands. Prove that you are the best we have to offer, and contribute back to the community and our nation.

Thank you.
