## MESSAGE FROM CHANCELLOR

Assalamualaikum w.b.t and Salam Sejahtera.

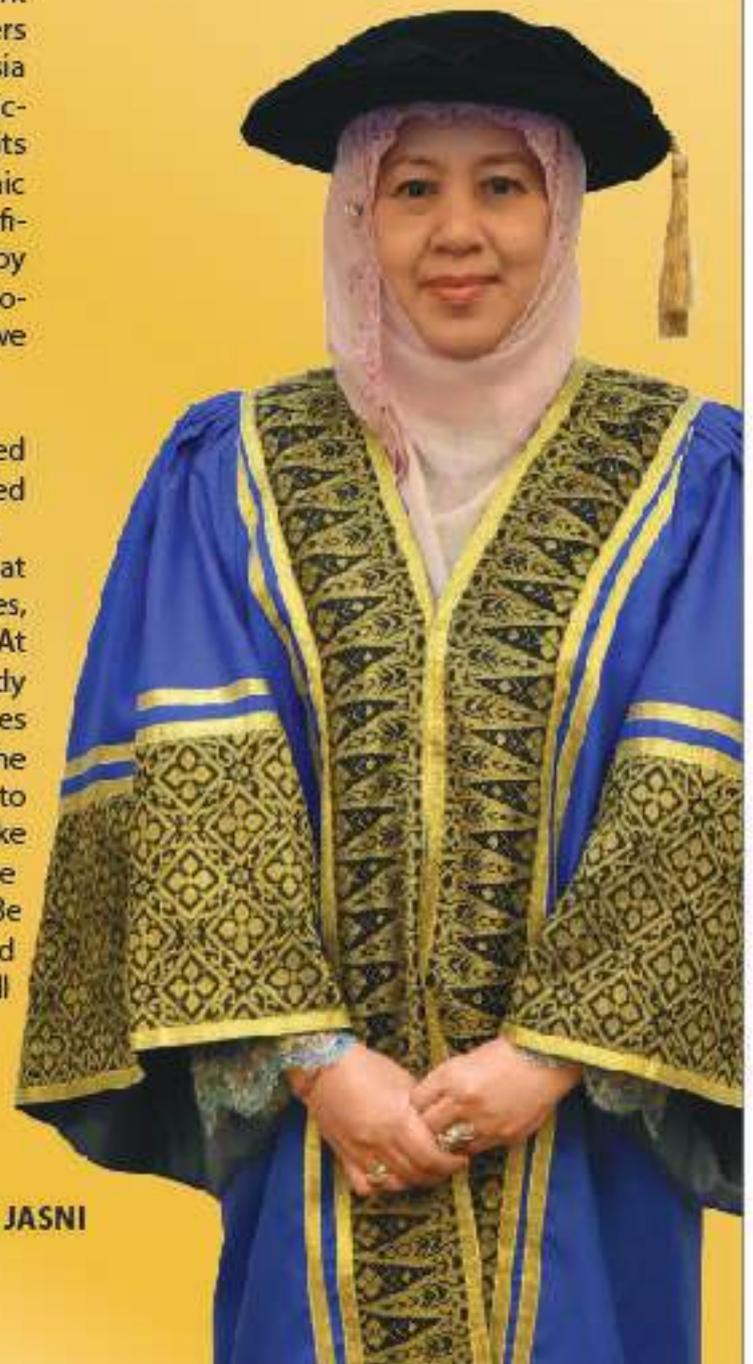

Alhamdulillah in the name of Allah S.W.T., the most gracious and most merciful, for his blessings have granted us another momentous celebration of students' excellence. Today we gather to witness the second North Borneo University College (NBUC) convocation ceremony. As many will agree, convocation is one of the most anticipated and significant ceremonies for all graduates. After years of withstanding numerous obstacles, those who have persevered from the bottom to the top, now achieve academic success unlocking the journey towards greater opportunities. Know that your brilliant achievement is remarkable as your efforts have finally become evident and it is realised in this academic ritual.

Undeniably, education is vital in support to balance economic growth and the increase in employment rate. Just as future demands and needs are met through the production of individuals who are ready for employment, NBUC as an academy which advocates affordable education for the future hybrid work cultures, has chosen to be the leverage for all learners to further their studies; from Sijil Kemahiran Malaysia up to a doctorate level. I believe that the infrastructures and facilities equipped by NBUC, as well as its partnership with numerous industries and academic institutions, provide reputable education. With confidence, I know that there are many courses offered by NBUC now suited for the booming 4th Industrial Revolution and the options will continually expand as we move alongside worldly changes.

Your preparation will bear its fruit in forms of aspired careers locally and abroad. Yesterday, NBUC coached you to be well-educated and well-rounded students. Today, you are graduands in pursuit of the next great achievement. Tomorrow, you could be revolutionaries, innovators and maybe even liases of this institution. At this point, anything is possible. Therefore, I fervently hope that you are empowered to elevate your values and talents via work experience and contribute to the cycle of learning, gaining and finally giving back to your community and to our nation. Finally, I would like to remind you that graduation does not mean the end. Instead, it is a beginning of a new adventure. Be of noble characters, enthusiasm and live by good morals and ethics. May all your dreams come true, all the best and congratulations!

Thank You.

# MESSAGE FROM PRO-CHANCELLOR 1

## Greetings

All praise to God, whom with his blessings we are able to gather here today with our graduate, in this jubilantly organized ceremony to celebrate the completion of their study. To all our graduate, I would like to offer my hearty congratulations to every one of you, your parents, as well as the academics team who without question have contribute something to this achievement, both directly and indirectly.

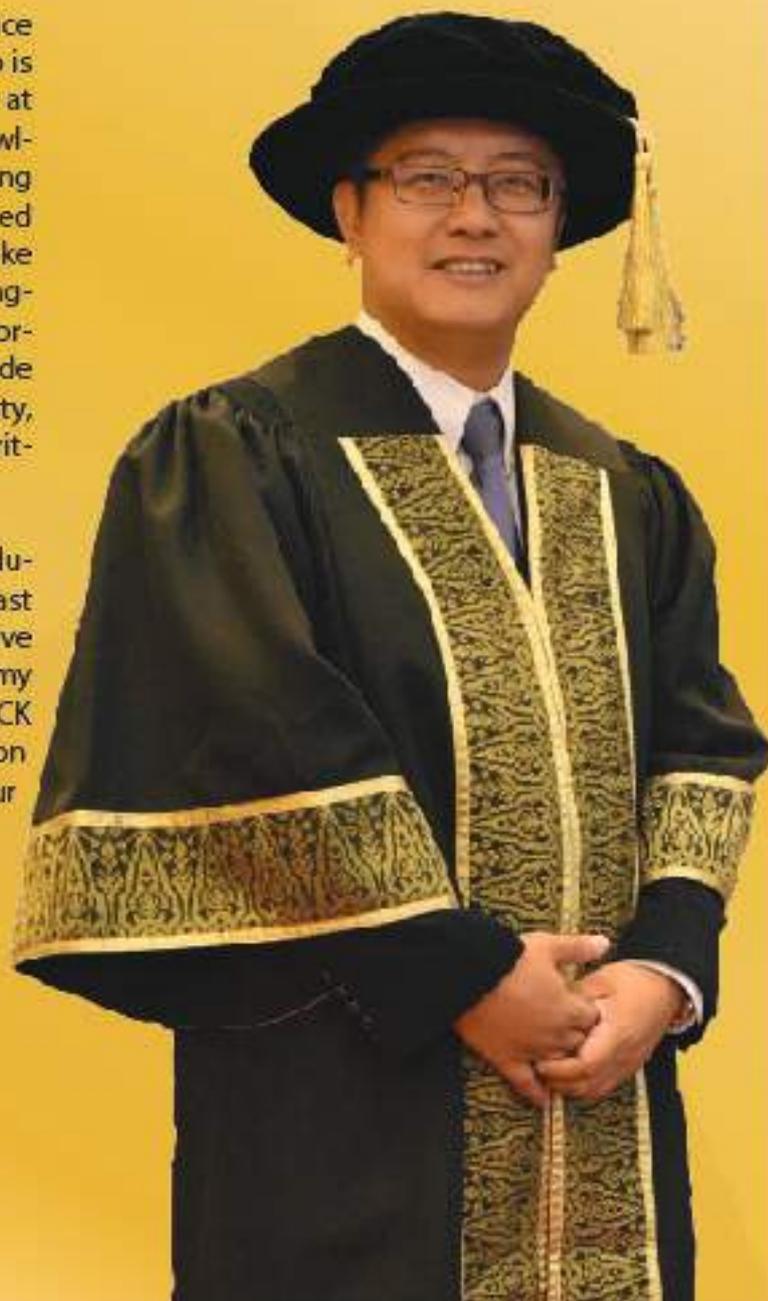

I feel there is a pressing need for me to emphasize the importance of good character and morality of the graduate, without which this achievement would be incomplete. Knowledge and culture of learning are very important in process of self-development, organization management, State expansion and civilization abundance. Let us all be aware that a lot of individuals received similar achievement, but what distinguishes you with the rest of them is your personal qualities and your people skills.

The goal of our education is not only to produce an intelligent individual, but also someone who is balanced from all aspects. throughout the study at NBUC, graduates have the prospect to gain knowledge and work together to escalate the pulsing communal that will inspire originality and breed invention and novelty In light of this, I would like to remind us all that regardless of the fast changing world around us, some things remain important, that is the Malaysian values which include compassion and tolerance, humility and modesty, gratitude, love and respect as well as public spiritedness.

A warmest congratulations I wish for all the graduate for successfully completing their studies. Last but not least, I hope that all the graduate will strive to do their best in the future. I once again offer my felicitations and best wishes to all NBUC-GCK graduate. Prove that you are the best generation born and contribute back to community and our nation.

Thank You.

## MESSAGE FROM PRO-CHANCELLOR 2 / PRESIDENT

All praise be to God, by whose grace and blessings that we are all able to celebrate the 2nd Convocation of North Borneo University College and Geomatika College Keningau.

This convocation is a historic and special occasion for the graduates and their parents. It is to acknowledge the great work we have done, to honour all the graduates with warm congratulations, and to send them on their way to the next steps in their life with the blessings and good wishes of the Geomatika Edugroup.

Graduates, each one of you is here today through your own sustained hard work and perseverance. You have needed courage to face the challenges of university life. You have needed to develop certain qualities of character and mind to achieve this. These qualities include empathy, rigour, the capacity to think independently, to listen politely, and, when necessary, to disagree, without being disagreeable.

Graduates, the future of work is one of the defining challenges of our time. How we manage this challenge will define the future of our country. We can't and should not stop these changes. Instead we need to manage these changes and turn challenges into opportunities. That means we have to embrace technological, and prevent social disruption. It is an undeniable fact that many jobs of today will be automated tomorrow, with profound consequences for people, particularly youth who will face shrinking job opportunities.

The use of artificial intelligence (AI), cognitive technologies, and robotics to automate and augment work is on the rise, prompting the redesign of jobs in a growing number of domains. The jobs of today are more machine-powered and data-driven than in the past, and they also require more human skills in problem-solving, communication, interpretation, and design. As machines take over repeatable tasks and the work people do becomes less routine, many jobs will rapidly evolve into what we call "superjobs"—the newest job category that changes the landscape of how organizations think about work.

Therefore, all of you should embark into this changes and prepare yourselves with suitable skills in order to adapt with this changes and challenges.

Graduates, we have endeavoured to bring you on a journey of experiences which help you to grow and transform. The whole University celebrates with you. We are proud of your achievements. But there is so much more to do, and today marks a new beginning. Therefore, I call each of you to contribute, to go out from here, with confidence, with our blessings and best wishes, and work actively towards living a good and generous life.

"If Born Poor, Not Our Fault, If You Die Poor, It Is Your Fault"

Wassalam.

Thank you

## MESSAGE FROM VICE-CHANCELLOR

Dear Students, Parents and Alumni,

Welcome to the 2019 Convocation Ceremony of North Borneo University College and Geomatika College Keningau.

Today marks the end of your studies at this stage and the beginning of your next learning adventure, whether in further education or in the professional world.

Do not underestimate the dedication and diligence you demonstrated in obtaining this achievement. Your hard work throughout your academic career will pay dividends in your professional life. Feel confident that your studies, combined with the wealth of different cultures, opinions and ways of life that you have experienced in NBUC, are the perfect preparations for a successful career.

I would like to take this opportunity to express my gratitude to the relatives in attendance today. The support you have given our graduates has been essential in their development. Relax, enjoy and celebrate with them; you have made great contributions to their achievements over the years.

Graduates, as you commence the next phase of your careers, I would like to extend some words of advice:

1. *Be open to change. Nothing is set in stone and those who are not willing to adapt get left behind.*
2. *Be committed to improvement. Character is formed through practice of the qualities you aspire to.*
3. *Be a constant learner. Your career is not something that you can complete – there is always room to listen, improve and grow.*
4. *Be ambitious. Modern day business does not demand that you follow the beaten track.*

Soon, many of you will be far from where you are now, both geographically and professionally, but I invite all of you to stay in touch with your NBUC family through our Alumni Association. This is an invaluable network of like-minded business people, which I'm sure you understand the worth of, even at this early stage in your careers.

I wish you the best of luck.

Yours sincerely,

**PROF. DR. CHIN YUK FONG, ASDK**

## MESSAGE FROM RECTOR

Assalamualaikum w.b.t and salam sejahtera.

Kind Greetings.

First and foremost, I would like to express my utmost gratitude to Allah SWT for the reason that with His grace we can take pride on the 2<sup>nd</sup> Convocation Ceremony of North Borneo University College (NBUC) and Geomatika College Keningau (GCK), Sabah. Today is a special day. A day of celebration of the culmination of years of study. I hope it will be an occasion that our graduates will remember fondly for the rest of their lives.

Graduates of GCK and NBUC, leverage your education to build a reputation that is highly respected, and make the most of the opportunities you have been granted. As Graduates of GCK, you carry the college's reputation with you. Uphold integrity and honor while ensuring quality and competency in your future undertakings. Always keep an open mind and maintain a positive attitude towards challenges and above all, wherever you serve, be a good team player. I am sure that you will all rise to the challenges and be able to soar to greater heights. To have come to this stage of development is a big achievement. A good indicator of the quality of our graduates to function in varying multilingual and multicultural environment. Student should be equipped not only with knowledge and skills, both in respective areas of specialization and soft skills so that they are "market ready - work ready" mode.

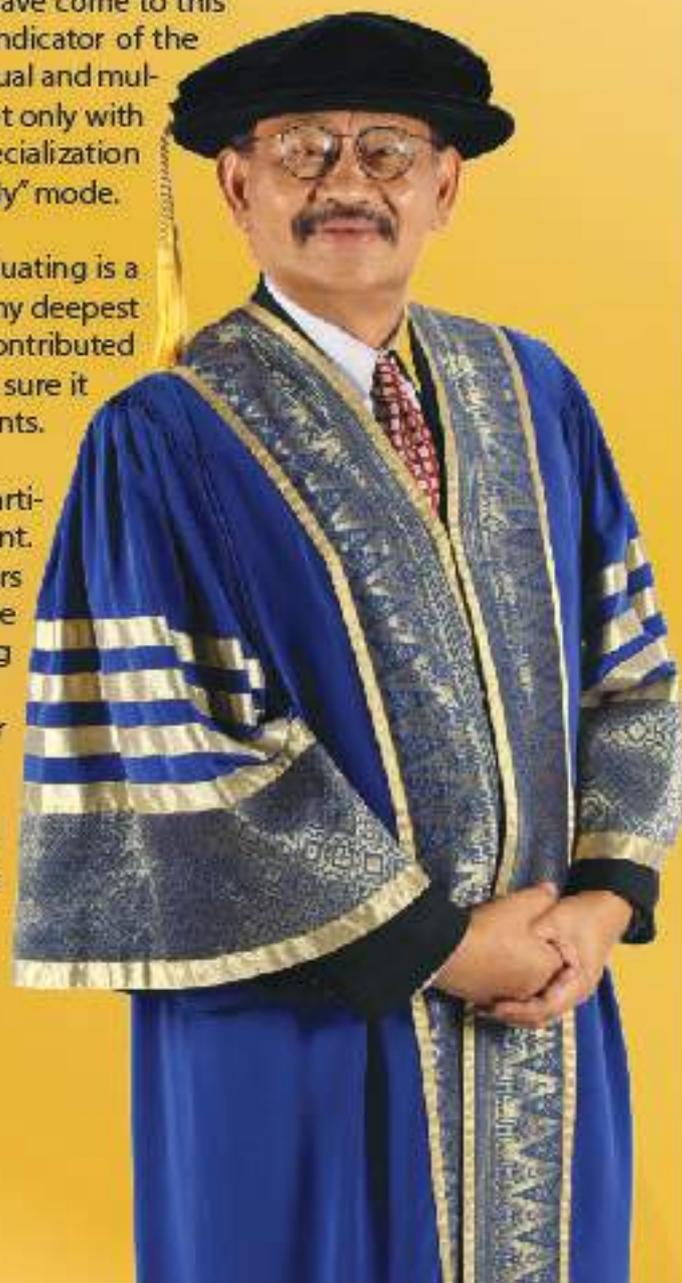

Today's convocation with more than 570 students graduating is a testimony to our growth and success. I wish to record my deepest gratitude to all academic and operation staff who has contributed in one way or another to nurture these students. I am sure it will always be cherished and remembered by the students.

To all GCK and NBUC graduates of 2019, I extend my heartiest congratulations on your outstanding achievement. The hard work and perseverance you have put in bears their fruits today. Thanks your family and all who have stood by you and had given support towards attaining this achievement. I wish you all the best in your future undertaking and great success in whatever path you take.

Last but not least, I would like to take this opportunity to thank the Convocation Committee, who have helped to make this convocation a success.

Congratulation to you all.
